

Step 1. Print the card and cut it out along the solid line. Do not cut along the dashed lines -- these lines are where you will fold the paper.

Step 2. Use a craft knife to cut the solid outline of Mr. Incredible. Do not cut where the line is dashed on either side of him.

Step 3. Fold the card horizontally (away from you). Carefully pinch the Mr. Incredible vertically in the middle to make a crease away from you. Now, fold the card again vertically towards you while carefully making sure Mr. Incredible folds in the opposite direction along the crease. This creates the pop-out effect.

Step 4. Have your kids write a special note on the inside of the card!
